

TRUST-FOOD NEWSLETTER

TRUST FOOD

TRUST-FOOD is an ambitious Digital Europe project that is designing and delivering short-term training courses for upskilling and reskilling of the labour force, with a particular focus on SMEs owners, managers, and employees in the Food Supply Chain and the agri-food sector.

The courses are highly practical and provide specific knowledge about key digital technologies of Blockchain and their applications to the food supply chain sector.

Reflecting the latest developments
in **Blockchain technologies** applied
holistically to the Food Supply Chain.

Delivering short-term **training courses**
for upskilling of the labour force focus
on SMEs owners, managers, and
employees in the Food Supply Chain

Supporting the development of
advanced **digital skills** of people

TRUST-FOOD Project Kicks Off in Patras, Greece

The TRUST-FOOD project recently commenced its three-year journey with a highly productive kickoff meeting (**7-8 February, 2023**) in Patras, Greece. This meeting laid the foundation for a promising EU-funded project that is set to address vital challenges in the food supply chain security and trustworthiness sectors. The significance of this event can be summarized in a few key points.

TRUST-FOOD Highlighted at the 5th VERDE.TEC FORUM 2023

The TRUST-FOOD project took center stage at the 5th VERDE.TEC #FORUM 2023 (**17-19 March, 2023**) in Athens, featuring a presentation by Thanos Karvounis from the Smart Agro Hub. Thanos discussed how the Smart Agro Hub's competence center contributes to the digital transformation of Greek agriculture, with a special focus on the TrustFood project and its role in Advanced Digital Skills on Blockchain for Trusted Food Supply Chains.
