

# TRUST-FOOD NEWSLETTER

# TRUST FOOD

TRUST-FOOD is an ambitious Digital Europe project that is designing and delivering short-term training courses for upskilling and reskilling of the labour force, with a particular focus on SMEs owners, managers, and employees in the Food Supply Chain and the agri-food sector.

The courses are highly practical and provide specific knowledge about key digital technologies of Blockchain and their applications to the food supply chain sector.

Reflecting the latest developments  
in Blockchain technologies applied  
holistically to the Food Supply Chain.

Delivering short-term training courses  
for upskilling of the labour force focus  
on SMEs owners, managers, and  
employees in the Food Supply Chain

Supporting the development of  
advanced digital skills of people
